

Statement of Commitment

GLOBAL PRECIOUS METALS CODE

The London Bullion Markets Association (“**LBMA**”) has launched the Global Precious Metals Code (the “**Code**”). The Code aims to set out a common set of principles to promote the integrity and effective functioning of the global precious metals market covering ethics, governance, compliance and risk management, information sharing and business conduct. The Code can be found on the LBMA’s website at www.lbma.org.uk.

Triland Metals Limited (“**Triland**”, “**we**”, “**us**”) has reviewed the contents of the Code and acknowledges that the Code represents a set of principles generally recognised as good practice in the wholesale Precious Metals Market (the “**Market**”). Triland confirms that we acts as a Market Participant as defined by the Code, and is committed to conducting its Market activities (“**Activities**”) in a manner consistent with the principles of the Code. To this end, Triland has taken appropriate steps, based on the size and complexity of our Activities, and the nature of its engagement in the Market, to align our Activities with the principles of the Code.
